

List of participants

1. Rodrigo Castro: Activity and simulation of continuous systems
2. François Cellier: Activity and simulation of continuous systems
3. Xenofon Floros: Distributed simulation of continuous systems
4. Andreas Fischlin: Systems Ecology Modeling and Simulation
5. Hans Vangheluwe: Model-driven Engineering and simulation
6. Fernando Barros: DSDEVS
7. Jean-François Santucci: DEVSImPy
8. Laurent Capocchi: DEVSImPy
9. Lisandru Muzy: Activity-based M&S
10. Olivier Dalle: Fractal DEVS
11. Gabriel Wainer: Cell-DEVS
12. Patrick Coquillard: Ecological Modeling and Simulation
13. Yentl Van Tendeloo: Activity-Aware DEVS simulation
14. Lauriane Massardier: Computational Biology
15. Saurabh Mittal: Activity-Based Intelligent Systems
16. James Nutaro: Inductive Modeling

Organizers

- Laurent Capocchi, FRES FR CNRS 3041, University of Corsica, France.
- Rodrigo Castro, CONICET, DES lab, Universidad de Buenos Aires, Argentina and ETH Zurich, Switzerland.
- Olivier Michel, LACL lab, Université de Paris-Est, Créteil, France.
- Alexandre Muzy, CNRS, I3S lab, Sophia-Antipolis, France.

Honorary Chairs

- Bernard P. Zeigler, ACIMS lab, University of Arizona, USA.
- Andreas Fischlin, Terrestrial Systems Ecology group, ETH Zurich, Switzerland.
- François Cellier, Modeling and Simulation Research group, ETH Zurich, Switzerland.
