

The 2017 International Conference on Information Science and Technology

Wuhan, China, March 24th-26th, 2017

The Statement of Peer Review for IST2017

The 2017 International Conference on Information Science and Technology [IST2017] was held in Wuhan, China, from March 24th to March 26th, 2017, which aims to bring researchers, engineers, and students to the areas of Information Science and Technology.

IST2017 proceeding tends to collect the most up-to-date, comprehensive, and worldwide state-of-art knowledge on Information Science and Technology. All the accepted papers have been submitted to strict peer-review by 2-4 expert referees, and selected based on originality, significance and clarity for the purpose of the conference. Each accepted paper at least has two review reports, and the authors modified according to the review reports, and submitted a modify report.

The Technical Program Committee members have been working very hard to meet the deadline of review. We sincerely hope that the conference would not only show the participants a broad overview of the latest research results on related fields, but also provide them with a significant platform for academic connection and exchange.
