The Guest Editors of the proceedings are issuing an editorial concern for this Article.

Shortly after publication of this Article in May 2021, the Publisher was alerted by one of the authors Hicham Berbar that he never approved to be listed in the current Authors list. Furthermore, the Author points out that the published paper is a very similar copy to his 2018 PFE report defended at the “Centre de formation des inspecteurs de l’enseignement” (CFIE).

The Publisher and the guest editors confirm that Hicham Berbar scientific concern should be addressed. Therefore, this article has been withdrawn from publication.
