

ITM Web of Conferences

Open access conference proceedings
in Information Technology,
Computer Science and Mathematics

A flexible, fast and efficient
publication service,
for an **open access recording**
of your event
and a **wide dissemination** of
your proceedings

Aims & scope

ITM Web of Conferences is an open-access journal devoted to the publishing of conference proceedings dealing with all areas related to information technology, computer science and mathematics.

ITM Web of Conferences aims to make conference proceedings visible, citable and widely usable by the scientific community. It offers outstanding services for the publication and dissemination of contents in order to ensure long-term archiving and maximum exposure of scientific events.

Coverage includes the whole spectrum of pure and applied mathematics, as well as all domains related to computer science such as programming, operating systems, databases, software engineering, web technologies, human-computer interaction, etc.

Why publish with ITM Web of Conferences?

- **Open access:** conference papers available worldwide.
- **Fast publication:** less than 3 months.
- **Total flexibility:** no page restrictions, free unlimited use of colour in the online version, any kind of scientific document welcomed (traditional articles, posters, abstracts and slideshows).
- **High visibility:** all documents indexed in main databases and easily found online.
- **Fair author rights:** CC-BY Creative Commons license.
- **Range of additional publishing options:** printed proceedings, CD-ROMs, copy-editing, etc.
